# 01 Company Introduction

## BIGSONG CORP.

BIGSONG CORP. is the food supplying company specialized in import and export of agricultural and sea food products, processed foods, healthy functional food and raw materials.

Safe production of raw materials has been threatened and artificial additives and genetically modified foods have rapidly developed and progressed due to development of science and technology. In this era, BIGSONG CORP. explores and provides eco- friendly raw materials and products with pioneering spirit and creative mind, and gives trust, safety, health and happiness to our customers, which is our ideology and philosophy.

We will select the proven excellent products from the perspective of customers and understand various needs of customers at the highest level. We will also take responsibility and perform mission as the company which truly strives for health and happiness of customers rather than simply pursuing the profit.
